

# KOVA Furniture polish

## Product for cleaning and polishing furniture surfaces

### Description

Water silicone emulsion with conditioning additives, non-ionic surfactants (less than 5 %), preservative and perfume.

### Features

- After processing, the surface restores the original color, gloss and appearance;
- effectively cleans from grease, dirt, finger marks, leaves no greasy residue;
- hides small scratches;
- gives an anti-static effect to the surface, reducing the adherence of dust;

### Storage

Store in hermetically sealed original container at temperatures between 5 °C and 35 °C. Avoid overheating and repeated freezing. Protect from direct sunlight. Keep out of the reach of children.

Shelf life in the manufacturer's container is 24 months. Storage over the date specified on the label does not necessarily mean the product is unusable.

In case if store more please check the properties of product before use.

### Packing

Material - primary high-density polyethylene (HDPE), polyvinyl chloride (PVC):

- special containers up to 1 m<sup>3</sup>;
- polymer bottles up to 1 L.

### Technical specification

|  |   |
|--|---|
| <b>Appearance</b>                          | Emulsion white  |
| <b>Odor</b>                                | Determined by the odor of perfume, added according to the approved sample |
| <b>Mass content of solids, %, at least</b> | 12  |
| <b>pH of 1% solution in water</b>          | 5,5 - 7,5   |

### LIMITED WARRANTY INFORMATION PLEASE READ CAREFULLY

The information contained herein is accurate, but it does not relieve the customer from the control of each batch of products supplied. Since the conditions and methods of use of our products are beyond our control, the recommendations contained in this document should be updated by the client providing preliminary tests. Recommendations for use should not be construed as a guarantee of product suitability for a particular purpose. Unisil Hungary Kft guarantees only that the product meets its specifications in effect at the time of delivery.

### Applications

For the care of furniture made of natural wood, MDF, chipboard (veneered, laminated), for plastic, painted surfaces. Suitable for all types of surfaces, both polished and matt.

### Application procedure

Apply a uniform and thin layer of the product on the dry surface (shake the product, place the nozzle in the "Spray" position and spray on the surface). Wipe the treated surface with a dry cloth or paper napkin until it shines.

For best results, before you can use polish, please clean heavily contaminated surfaces.

### Warning!

Before using on paper or other unstable lamination surfaces, test application on an inconspicuous area of the surface.

Do not use for polishing floors, as the product contains substances that can make the floor slippery, and therefore dangerous.

### Safety instructions

Detailed instructions are given in the relevant product safety data sheet. It can be provided upon request from the office of Unisil Hungary Kft or printed from the website of Unisil Hungary Kft [www.unisil.eu](http://www.unisil.eu).
